Journal

Office of the Legislative Counsel

Monday - 26 October 1959

1. Talked with John B. Blandford, House Armed Services Committee Staff, and furnished him with the following names:

A. J. Walsh, Commissioner, Emergency Procurement Service (now Defense Materials Service)

Edward C. Sweeney, General Counsel, GSA

Nathan Fuller, Defense Materials Service, GSA

Max E. Medley, Comptroller, GSA

W. E. Eaton, Assistant Comptroller for Accounting, GSA

Mr. Blandford thanked me for these names and stated he would pass them to GSA.

2. Harry McDams, Secretary to Representative Paul J. Alday (G., Tex.), telephoned and asked if we would make arrangements to interview a [redacted] from San Antonio who is currently in Washington. [redacted] is interested in employment, possible management or investigative, with the Agency. Subsequently, an appointment was made for [redacted] to see Mr. Stewart at 2:00 PM today.

3. Telephoned Mr. Korn and advised him that both Representatives Inouye and Sando were not in town at this time.

4. Again attempted to make contact with Mr. Arons of the House Committee on Un-American Activities (previously tried to reach him several times last week.). Purposes of meeting with Arons were to include delivering to him certain materials on the World Youth Festival held in Vienna this summer and also certain publications on Communist Front Organizations abroad. In addition, wished to firm up possible arrangements for an Agency representative to appear before HCUA in Houston, Texas on December 2 or December 3. HCUA had wanted General Cabell and due to his absence from the country, they indicated they would be pleased to accept some other appropriate person. This was discussed with General Cabell last week and it was suggested that Mr. Kirkpatrick would do this. Mr. Kirkpatrick stated today that he would check the matter with the Director and advise.
